Re: Notice of Potential Liability and Request for Supplemental Information to
Armstrong World Industries for the Peterson/Puritain, Inc. Superfund Site,
Operable Unit 2 which includes the J.M. Mills Landfill, Cumberland, RI.

Dear Ms. Davis:

The attached General Notice/Supplemental Information request letter will serve to formally notify Armstrong World Industries, Inc. ("AWI") of the potential liability which it has or may have incurred with respect to Operable Unit Two of the Peterson/Puritain, Inc. Superfund Site, which includes the J.M. Mills Landfill in Cumberland, Rhode Island. On August 6, 2001, a Notice of Potential Liability was issued to AWI's parent company, Armstrong Holdings, Inc. However, it has come to our attention that Armstrong Holdings is not the correct party to receive general notice. Based on the information currently available to the U.S. Environmental Protection Agency, we are sending the attached General Notice letter to AWI instead of to Armstrong Holdings.

Should you have any questions or comments regarding the above referenced matter please call me at (617) 918-1040.

Best Regards.

Wendoly Ortiz
